JUMP HEIGHT CARD REQUIREMENT CHANGE
EXHIBITORS PLEASE NOTE !!
YOU MUST CARRY YOUR ORIGINAL CARD AT ALL TRIALS

All dogs competing in agility must possess an official AKC Jump Height Card. An official AKC Jump Height Card is defined as either a permanent jump height card, a valid temporary jump height form, copies of two different measuring forms (placing the dog in the same height class) dated on or after the dog's second birthday, or copies of three different measuring forms (two of which place the dog in the same height class) dated on or after the dog's second birthday. At 2 years of age two measurements are required. If these two measurements put the dog in two different jump heights, then a third measurement will be used to determine the dog's official jump height. The handler will retain all yellow forms until the second (or third) measurement is taken and the permanent jump height card is received from AKC. No permanent height card will be issued until the second (or third) measurement is officially recorded, with the exception of dogs measuring over 22 inches whose owner may request the issuance of a permanent height card with one measurement. The owner's request to issue a permanent card for a dog that measures over 22 inches after one measurement for that dog's permanent jump height card. To receive the card after one measurement, the owner must sign and check the appropriate box on the Agility Measurement Form acknowledging the request to issue a permanent jump height card for dogs over 22 inches. In making this decision, it still allows for the owner to request that the dog be remeasured by using the Challenge Measurement Process in the future. For dogs between 15 months and two years of age, one measurement is required. The handler will retain the yellow measurement form. This form is the dog's temporary jump height card form; no card will be issued by the AKC. A card will not be issued until the dog's permanent measurement is recorded. This temporary jump height card form expires on the dog's second birthday.

FOR FULL EXPLANATION OF JUMP HEIGHT CARDS SEE: CHAPTER 2
REGULATIONS FOR AGILITY TRIALS CLASSES, TITLES, AND HEIGHT
DIVISIONS

AKC's "Random Draw" Method of Accepting Entries

Chapter 1 Section 13: "Random Draw" - Clubs must set an "opening period" which shall not be less than a seven (7) day period (14 days recommended). The opening period shall have a start time and date, and finish time and date. Entries received prior to a published date and time that entries would first be accepted shall be considered invalid entries, and be returned as expeditiously as possible.

To ensure a successfully run trial at clubs who choose the "Random Draw" entry method, the show giving club may at its option guarantee an entry spot in the trial for dogs of "Show Workers" that have agreed to work at the trial. All other entries received during the opening period shall be treated equally without regard to date received or any other criteria. A random drawing of all entries received during the opening period shall be held within 48 hours after the "opening period" has ended, to determine which dogs will participate in the trial. If the advertised limit has not been reached the remainder of the entry limit shall be filled by entries received after the "opening period" but before the final closing date based on a "first received" premise.

A maximum of ten (10) entries is allowed in each envelope submitted to the trial secretary for random draw. Each dog entered is considered a separate entry regardless of the quantity of classes that dog is entered in. Envelopes exceeding the 10 maximum entries shall be treated as an invalid entry and shall be returned to the sender.

The drawing shall be held in a public place and open to all interested persons. The results of the draw shall be made available to the people present at the draw. In conducting the drawing for entries, the trial secretary shall avoid any method that raises any questions as to its randomness and impartiality.

The trial secretary will conduct the draw on the date, hour, and at the location specified for such in the premium list. Envelopes shall be drawn at random and entries contained within each envelope shall gain entry to the trial up to the entry limits specified in the premium list.

If an envelope is drawn that contains entries that would exceed the entry limit, then there shall be a random draw of the individual entries has been drawn, all remaining entries shall be drawn for a position on the alternate's list. If the advertised limit has not been reached, the remainder of the entry limit shall be filled by entries received after the "opening period", but before the final closing date based on a "First received" premise. The final closing date shall not be less than fourteen (14) days prior to the trial.

Do NOT call the secretary the night of the draw to see if your entry has been accepted. The secretary WILL be happy to answer e-mail requests or return self addressed, stamped cards, with check boxes to verifying that the entry has been accepted.

INSTRUCTIONS

Handlers may opt to enter in a higher height division for all Regular titling classes, but not in a division lower than their proper height division. Dogs entered in the Preferred classes must compete at the required jump height and may not compete in a jump height division higher or lower than their proper height division.

All dogs that have not been officially measured for an Agility Jump Height Card may still compete; however, they must be measured by a Judge of record, an Agility Field Representative, or a Volunteer Measuring Official, prior to running. If measured by the Judge of record, that measurement will be valid for this trial *or back-to-back trials* only. If a measurement is necessary, it is the exhibitor's responsibility to have their dog(s) measured prior to running.

Mixed breed classes may only be offered at standalone all-breed AKC agility trials. A standalone agility event is defined as an agility trial that is not held on the same date and show site as an AKC All-Breed Dog Show or Independent Specialty for conformation.

Junior Handlers should enter their Junior Handler number on the front of this form. Should you not have your Junior Handler number, it may be obtained from the American Kennel Club (919) 816-3776. If the Junior Handler is not the owner of the dog identified on the face of this form, what is the relationship is the Junior Handler to the Owner? _____

In consideration of the acceptance of this entry, I (we) agree to abide by the rules and regulations of The American Kennel Club in effect at the time of this event, and by any additional rules and regulations appearing in the premium list for this event, and further agree to be bound by the "Agreement" printed above on this entry form. INSTRUCTIONS

Handlers may opt to enter in a higher height division for all Regular titling classes, but not in a division lower than their proper height division. Dogs entered in the Preferred classes must compete at the required jump height and may not compete in a jump height division higher or lower than their proper height division.

All dogs that have not been officially measured for an Agility Jump Height Card may still compete; however, they must be measured by a Judge of record, an Agility Field Representative, or a Volunteer Measuring Official, prior to running. If measured by the Judge of record, that measurement will be valid for this trial *or back-to-back trials* only. If a measurement is necessary, it is the exhibitor's responsibility to have their dog(s) measured prior to running.

Mixed breed classes may only be offered at standalone all-breed AKC agility trials. A standalone agility event is defined as an agility trial that is not held on the same date and show site as an AKC All-Breed Dog Show or Independent Specialty for conformation.
